

Problem Statement once the team has defined the problem, transfer their output in the text boxes below, they serve as the skeleton of the problem statement.

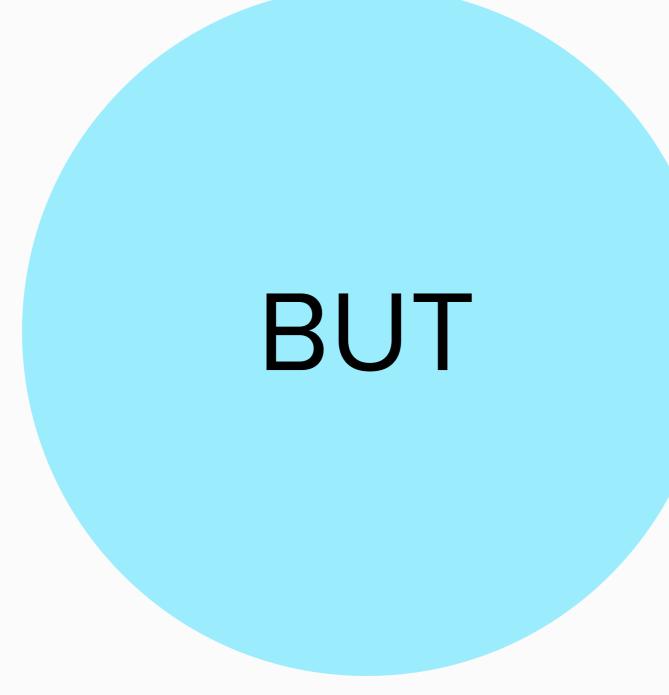

The consumer who is trying to buy a vehicle for my own personal use. This use is mainly for travel involved in the job.

Buy the most suitable vehicle for my preference of Vehicle performance.

WHERE/ WHEN?

I am unaware of the performance measures and standards of the vehicle in the market, this is because there are several brands and type of vehicle in the market.
